PROOF OF FINANCIAL SUPPORT REQUIRED OF INTERNATIONAL STUDENTS:
INSTRUCTIONS FOR COMPLETING THE FINANCIAL STATEMENT

As a non-U.S. citizen wishing to enroll in our undergraduate or graduate program you are required to obtain an F-1 visa to enter the U.S. to study at Alverno College. To obtain the visa you must present your local U.S. consulate or embassy with a Form I-20 **Certificate of Eligibility for Nonimmigrant (F-1) Student Status**, issued by Alverno College.

Alverno cannot issue the Form I-20 until we have received **certified** proof that you have sufficient financial resources to meet all of your financial requirements, including the cost of health insurance, for your first year of study. Complete support for the first year must be guaranteed. Of course you should have adequate resources to meet all of your financial requirements for your entire course of study at Alverno.

To show that you have adequate funding for the first year, please complete, sign and return our **Statement of Evidence of Financial Support**. A current official certified letter from the bank holding your funds must accompany your statement. The bank’s letter should certify that funds in an amount matching or exceeding the amount stipulated in the statement are on deposit and available for disbursement. An officer of the bank must sign the letter. If the funds are in non-U.S. currency, please ask your bank to also provide a conversion to U.S. dollars. Bank statements or photocopies of bank statements are not acceptable. **It is advisable to prepare two original sets of this information. Send the first set to Alverno College and save the second set to present to the consular officer when you apply for your visa.**

If all/some of your funds will come from a private sponsor, your sponsor must also sign the statement and provide a current official certified letter from the bank holding their funds (with conversion into U.S. dollars). If you have more than one sponsor, each one will need to sign their own statement (make additional copies if needed) and each will need to provide a certified letter from their bank.

To compute your financial requirements for one year at Alverno, please use the following equation:

<table>
<thead>
<tr>
<th>Degree Program</th>
<th>+</th>
<th>Living Situation</th>
<th>+</th>
<th>Medical Insurance</th>
<th>+</th>
<th>Dependents</th>
<th>-</th>
<th>*Scholarships</th>
<th>=</th>
<th>Total Amount</th>
</tr>
</thead>
</table>

*Please have any government or other agency providing you with a scholarship or grant send us an original certified document stating the amount and duration of the scholarship or grant.

Use the amounts on the “Program Costs” chart on our website to estimate your expenses using the above equation. Actual expenses are determined by your program and standard of living. Inflationary factors may affect these figures. You should expect and plan for annual increases in costs.
