

Alverno Early Learning Center

April 2019

Fourth Annual Gallery Night a Huge Success!

Many thanks to all the families and friends who joined us for Gallery Night. The halls were crowded with smiling children proudly showing their guests what they had created.

We value your time and greatly appreciate your involvement in center events.

Teacher Appreciation Week is May 6-10, 2019!

The Early Learning Center teachers work hard to offer your family the best early care and education available. We are proud of our staff and the dedication they demonstrate to our field. In addition to attending a minimum of 25 hours of continuing education per year, all of our staff are recertified every two years in CPR, First Aid and the use of an AED. Please take a moment to let them know you appreciate their efforts.

Summer and Fall Registration

Registration for the summer and fall sessions is Wednesday April 24, 2019.

The last day of the current session is Friday, May 24.

Watch your email for further information.

WELCOME BABY SAWYER!

Congratulation to Stephanie (Room 16) and her husband Tyler on the birth of Sawyer Ann.

Spring Color Matching Nature Walk

Here is a fun idea adapted from :

www.fantasticfunandlearning.com

When flowers begin to bloom and trees and grasses begin to green up try this color matching nature walk. You'll need some paint color samples in a variety of colors, a hole punch and a ring to hold them together.

Head outside and look for plants and other natural items that match your colors.

Not only does this activity get you out and moving, it reminds us to look for beauty in the environment we see every day.

Our Mission

Alverno Early Learning Center exists to promote educational and personal development of every child and staff member who enters our doors. We will respect every child, parent and co-worker by keeping the lines of communication open and confidentiality a priority.

Our Philosophy

Alverno Early Learning Center believes in high quality care and education for each child. Our program is based on the philosophy that:

- Children grow and develop through active exploration in a warm and nurturing environment
- We believe in the uniqueness of each child and strive to meet the individual needs of each child.
- We provide a variety of educational experiences that place emphasis on child involvement and decision making.
- Activities are focused to enhance social, emotional, cognitive and language development.
