

Posting Date: January, 2019

Position:	Anatomy and Physiology Instructor – Master of Physician Assistant Studies		
Department:	Physician Assistant Program	Hours per Week:	Part-time

Alverno College is a private liberal arts college with an internationally acclaimed ability-based program and diverse student body. A Catholic College founded by the School Sisters of Saint Francis, we are dedicated to the undergraduate education of women while serving men and women in our adult and graduate programs. Our low instructor-to-student ratio and collaborative faculty contribute to a positive learning environment. We provide students with real-life, hands-on experiences in the classroom, in study abroad opportunities and in professional internships related to their major. These experiences, among others, have resulted in Alverno College being recognized among the top four Midwest Regional Universities in the 2018 *U.S. News & World Report* “Strong Commitment to Teaching” category for the eighth consecutive year.

The College is seeking applicants for a Clinical Anatomy & Physiology with Cadaver Laboratory Instructor position for the Master of Physician Assistant Studies Program (PA Program) located in Milwaukee, WI.

Primary Duties and Responsibilities

*The following information is not meant to be all-inclusive.
Other duties and responsibilities may be assigned as necessary.*

Part time position available to teach a master’s level six credit Clinical Anatomy & Physiology with Cadaver Laboratory. Schedule will include teaching in the classroom and laboratory setting, plus assessing students, reviewing student work and providing feedback. This individual will collaborate with other members of the PA program faculty.

Qualifications

Qualified through academic preparation and/or experience to teach Clinical Anatomy & Physiology with Cadaver Lab. Requires familiarity with state and federal regulations surrounding materials and chemicals encountered in a cadaver laboratory. Familiarity with ability-based curriculum is a plus.

Successful candidates will have a demonstrated commitment to promoting diversity, inclusion, and multicultural competence in an educational and work environment and must be willing to contribute to the College’s strategic plan of inclusion.

Education

Master’s degree is required. Anatomist and PhD is preferred.

How to Apply
